TRUST QUALITY INNOVATION

Established in 1987, the DUYTAN brand has developed unceasingly, accelerating its growth rapidly, and helped it becoming recognized as a Vietnam Value brand since 2014. This outstanding accomplishment was initiated from the passion and vision of the founders who have relentlessly pursued the desire to build a great business which aspired to be recognized across the community based on these three core values.

As of today, Duy Tan Plastics is one of the leading plastics manufacturers in Vietnam and also one of the most loved and trusted brands in the local market. For 20 consecutive years, Duy Tan has been awarded "Vietnamese High Quality Goods" and achieved numerous other prestigious awards.

Using only state-of-the-art equipment and a team of experienced professionals, Duy Tan Plastics produce and supply a wide range of preforms for everything from food packaging to mineral water and pharmaceuticals. Adhering to the most stringent requirements and, using the best virgin materials, we bring only the best product to the end user. All customers, domestic as well as export customers, appreciate our commitment of being a leader in our industry and for always keeping recognized international standards' certifications up-to-date.

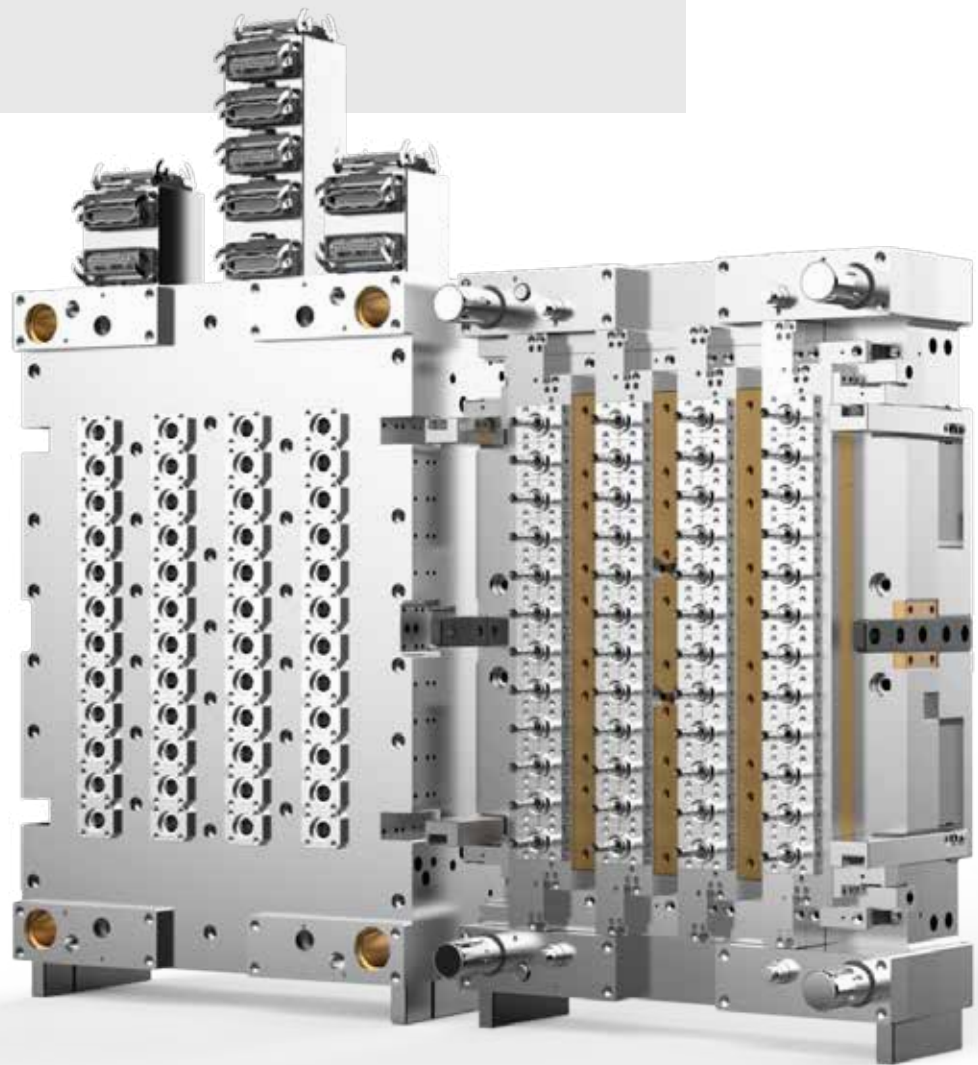

PROFESSIONAL MANUFACTURER OF PET PREFORMS

YOUR LEADING PARTNER IN COMPLIANCE AND INNOVATION

Duy Tan produces wide-mouth and mineral water preforms according to international standards as well as our customers' own requirements. Our combination of state-of-the-art machinery and in-house design aims to achieve optimal yield to our customers. Duy Tan technology with modern equipment, high productivity, and a team of technical experts allow for production of advanced preforms according to every need. We optimize value, profit, quality and product properties, all to keep you in the lead.

We offer a full in-house solution in and closed process. We emphasize on product quality and flexibility. With our expertise, your development and products are in safe hands and guaranteed to be given the most economical and fastest way to meet market demand. Moreover, we offer you flexibility in order quantities and color diversity which helps develop any market segments that you might be aiming for. Lastly, High capacity, stable quality, top grade materials and in time delivery helps build trust between you and the Duy Tan group. For more information, please contact one of our representatives.

REFORMS FOR WATER BOTTLE

BEST PREFORMS AVAILABLE IN THE MARKET

Duy Tan PET preforms for mineral water are available in various standards, sizes and weights. As water is neutral in taste, packaging for mineral water must be produced and packed under very strict conditions. Understanding the importance of controlling our manufacturing environment as well as meeting every requirement from our customers, we provide you with the best preforms available on the market.

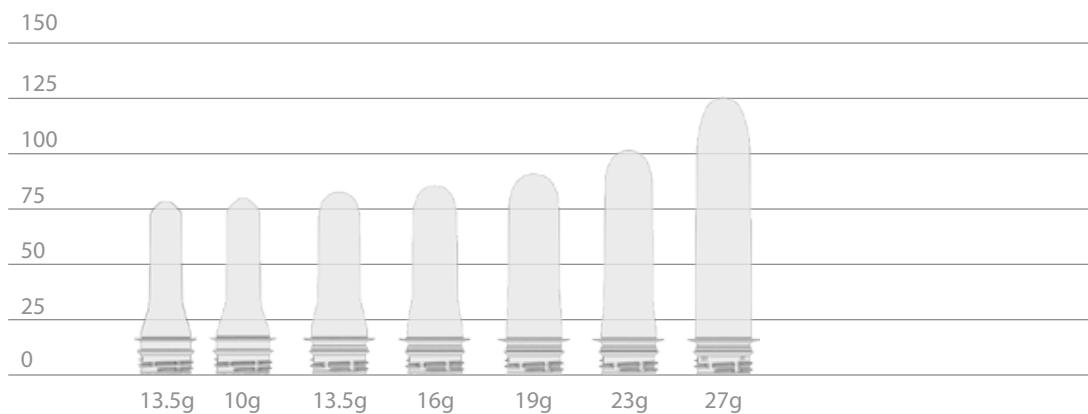

Each preform is designed and manufactured to your exact requirements. In each step of our process we verify that our products follow the most stringent requirement in terms of clarity, color, centricity, shape and dimensions. Preforms leaving our factory is also guaranteed to work in your machine and process.

ORDERS

Our minimum order quantity depending on size of product and production output of the specific product. Please contact our customer service for more details on any product of interest. Duy Tan requires a formal purchase order for all customer orders.

Inquiries and purchase orders may be sent to info@duytan.com.

SAMPLE REQUESTS

We usually ship your request within five working days. For swift delivery of samples, the name of preferred courier service along with your account number must be included for shipping charges. Alternatively, we can invoice the shipping charges to you on your first order.

Please call, fax or e-mail our Customer Service for more information.

MANUFACTURING

All items listed in this catalog are manufactured by
Duy Tan Plastics Corporation in Vietnam

PRODUCT WARRANTY

Duy Tan warrants its products will conform to all Duy Tan product specifications. No warranty or representation other than those set forth in this standard warranty are applicable.

ENVIRONMENT

Duy Tan is well aware of our obligation to protect the environment like many multinational corporations. Our goal is to use natural resources responsibly and efficiently, reduce the rate of waste, use recycled materials, save energy, ... to minimize the environmental impact
